Sir:

Applicants' representative conducted a telephone interview with Examiner MacNeill on November 29, 2007. Applicants appreciate the courtesies shown to Applicants' representative by Examiner MacNeill during this telephone interview. Applicants' separate record of a summary of the substance of the telephone interview is contained in the following remarks.

During the telephone interview, Applicants' representative reviewed the arguments presented in the November 14, 2007 Amendment After Final Rejection (AAFR) and the reasons for allowability. Examiner MacNeill indicated that the AAFR overcame the rejection in the August 14, 2007 Office Action. The Examiner also indicated that the AAFR would be entered and that a further search would be necessary to confirm patentability of the pending claims.

Should any questions arise regarding this communication, all inquiries may be directed to Applicants' undersigned representative at the telephone number set forth below.

Respectfully submitted,
